

TEAM BUDGET PREPARATION

It is the policy of NDMHA that team budgets must be accepted (as evidenced by a majority of parents' signature on the budget/fundraising plan) prior to November 15th.

All revisions of substance to the budget require prior approval by the appropriate 1st Vice President for Rep A or 2nd Vice President for Rep C.

Draft budgets must be presented to parents at the beginning of each season to ensure all parents have the opportunity to discuss planned costs and planned revenue. The budget must include a fundraising plan of activities.

Once the draft budget has been reviewed, the team Treasurer must obtain a majority of signatures on the budget/plan. Normally the budget will fall within the parameters listed below. In the event that the general parameters are exceeded, the plan must be approved unanimously by team members and signed off by the 1st Vice President (Rep Program) or the Division Manager and Second Vice President (Recreation Program). It is important that all team activities are affordable and available to all players and their parents. Teams with more ambitious plans must implement them with due care and attention to this principle.

Parents are encouraged to ensure that they understand and agree with the team budget and fundraising plan at the parent meeting. Concerns about team budgets can be brought to the team officials, and/or NDMHA treasurer.

Team treasurers are required to submit a signed copy of their team budget to: (1) the appropriate Division Manager (Recreation Program), or (2) the First Vice President (Rep Program) and the NDMHA treasurer.

Team officials must submit a final financial report to the Executive by April 30th. Parents are not allowed to profit from fundraising therefore all team funds must be spent. Parents are allowed to receive refunds to the maximum of their individual team fees.

If a player is no longer with the team due to medical reasons, injuries or leaves the Association before January 31st, a prorated team fee is refunded.

Guidelines

Team budgets will vary each year depending on the activities planned. Team officials are instructed to demonstrate sensitivity around limitations of the time and money that families are able to contribute (per child, per season).
